2013 Charleston Swallowing Conference: Cutting Edge Assessment & Treatment

The most comprehensive Dysphagia Conference ever offered by NSS!

New instrumental and behavioral interventions for persons with dysphagia have recently emerged. The 2013 Charleston Swallowing Conference will bring together the leading and highly respected master clinicians in the field of dysphagia to share cutting edge and evidence-based assessments and treatments that will influence best practice in dysphagia service delivery. Join us for this clinically focused program in the beautiful and historic city of Charleston, South Carolina.

Objectives

Upon completion of this conference, participants should be able to:

- > State the importance of using standardized assessment protocols.
- > List new evidence based dysphagia interventions.
- > State new clinical research in management of infants and young children.
- > Explain how to integrate motor and sensory learning principles into dysphagia practice.
- > Discuss current research on dysphagia prognosis and recovery.
- > Discuss the role of the SLP with individuals with obstructive and restrictive pulmonary disease who also have dysphagia.
- > State the role of the SLP in evaluating and treating individuals with progressive neurological disorders who also have dysphagia.
- > List evidence-based practices for head and neck cancer individuals who also have dysphagia.
- > Describe a model of dysphagia ethical decision making.
- > Explain how current respiratory research influences dysphagia management.

Conference Location & Venue

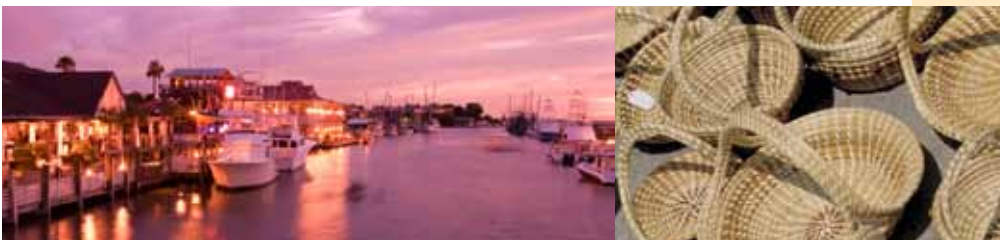

Charleston, South Carolina

Charleston is America's most beautifully preserved architectural and historic treasure, with a rich 300-year heritage. The city is one of the nation's top tourist destinations, being named Condé Nast Traveler 2012 Readers' Choice Awards Top U.S. City, is known for rich history, well-preserved architecture, coastal location, celebrated restaurant community and mannerly people. Charleston is a uniquely magical place.

What better way to view the city's historic dwellings, gardens, and parks than from a horse and carriage ride along the cobblestone streets. Stop and browse at the Old City Market, a bustling collage of color and life, or enjoy the Waterfront Park overlooking the Cooper River and the Charleston Harbor.

Charleston's most famous place for a promenade is the Battery, with the Cooper River and harbor on one side and antebellum mansions on the other. In the distance is Fort Sumter, the flashpoint for the Civil War on April 12, 1861. Those wishing an even earlier look at history can explore life as it was in Charleston in the 1700's at Charles Towne Landing, where the first settlers to colonize the territory of Carolina landed in 1670. To understand the forces that allowed these early settlers to create the economy that built Charleston and to immerse yourself in the light of this bygone era, one must visit the magnificent 18th century plantations, such as those at Middleton Place, Magnolia, Drayton Hall, and Boone Hall.

A sampling of what Charleston has to offer

Enjoy this enchanting and historic city. Favorite sights include: Rainbow Row, cobblestone streets, quaint gardens, hundreds of 18th and 19th century homes, buildings and churches, the Battery overlooking the Charleston Harbor and Fort Sumter, and the Old City Market.

FORT SUMTERTOUR AND HARBOR CRUISE

Fort Sumter is located at the entrance of Charleston's beautiful harbor. It is only accessible by boat. On April 12, 1861 Fort Sumter was occupied by Union Troops who refused to vacate the Fort as demanded by the Confederates. All negotiations finally failed and Confederate batteries in the Charleston Harbor commenced a massive bombardment of Fort Sumter and America's greatest moment of conflict, the "War between the States," began. The Fort boasts an excellent museum containing priceless exhibits. Historians with the National Park Service conduct an interesting and informative tour of the Fort. In addition to a visit of Fort Sumter, you will enjoy a complete tour of the Charleston Harbor, viewing many points of interest.

MAGNOLIA PLANTATION AND GARDENS

Listed in the National Register of Historic Places, beautiful Magnolia Plantation is the 300-year-old ancestral home of South Carolina's illustrious Drayton family. Ten generations of the Drayton family have utilized it since the 1670s, as a plantation estate garden. Long famous for the springtime beauty of its 250 varieties of azaleas and 900 varieties of camellias, it now offers extensive seasonal bloom every month of the year. Scores of experts have described its 50 acres of lawn and gardens as the world's most beautiful. Enjoy a guided tour of the gardens and the plantation home. You will also travel via tram through the outer gardens and rice fields.

CHARLESTON HARBOR SAILING

Get away from it all and relax to the soothing sounds of wind and water on a chartered sailing yacht. Indulge in the calm and beauty of sailing historic Charleston Harbor on board the Pride. The Pride is a traditional three masted gaff topsail schooner with an overall length of 84 feet.

GOLF AND BEACHES

Minutes away from historic Charleston are area beaches, which offer superb playgrounds for watersports, sunbathing, fishing, or simply taking a moonlit stroll. Golf enthusiasts will not be disappointed either. The city which gave America its first golf course now boasts 19 championship golf courses within 25 miles of the downtown area, including the famous Ocean Course at Kiawah Island, scene of the 1991 Ryder Cup, and 2012 PGA Championship.
