

Learn how incorporating  
phonemic simplification  
into your treatment  
sessions can quickly  
and dramatically  
improve speech  
intelligibility.

## Seminar Description

Children who may have an adequate repertoire of consonants and vowels in isolation may not be able to coordinate the oral motor movements necessary to produce and combine these phonemes to form syllables, words, phrases, and sentences on volitional control. These children may be unable to speak or may be unintelligible speakers. They may even have difficulty executing the oral motor movements necessary to produce isolated phonemes. These are the children who can benefit from the techniques taught in this course.

This clinical presentation will focus on evaluation and treatment strategies for Childhood Apraxia of Speech (CAS) using the *Kaufman Speech to Language Protocol (K-SLP)* methods. It will include defining CAS, establishing motivation, using reinforcement, implementing and fading cues, and scripting functional expressive language. It will also include implementing the principles of motor learning for practice schedules, and how to move from the acquisition stage to the retention stage of learning to be an effective vocal communicator.

The methods, strategies, and techniques presented in this program follow the most current research in CAS and will provide clinicians with the information they need to help children with CAS progress from a simple core vocabulary to phrases and eventually to sentences and conversational speech. In addition, treatment videos will be used to enhance the learning experience. The main focus will be children ages 2-6 years.

Content Disclosure: This presentation will focus exclusively on the Kaufman Speech to Language Protocol. Other treatment approaches will receive limited or no coverage during this lecture. Presenter financial and non-financial disclosures may be found by visiting [NorthernSpeech.com/seminars](http://NorthernSpeech.com/seminars).

## Speaker

**Nancy R. Kaufman, MA, CCC-SLP**, is a speech-language pathologist, renowned expert in childhood apraxia of speech, and the owner and director of the Kaufman Children's Center for Speech, Language, Sensory-Motor, & Social Connections, Inc. (KCC) in West Bloomfield, Michigan. Since 1979, she has dedicated herself to establishing the Kaufman Speech to Language Protocol (K-SLP), a treatment approach to help children become effective vocal communicators.

Nancy presents nationally and internationally on the subject of CAS and other childhood speech-sound disorders. She has been recognized by the *Michigan Speech-Language-Hearing Association*, as well as received two outstanding alumni awards. Families from around the country and the world travel to the KCC to participate in intensive and specialized therapy programs.

"A wealth of practical  
information presented in  
a lively and easy-to-under-  
stand manner!  
One of the best courses  
I've attended!"

## Seminar Objectives

1. Understand and analyze a norm-referenced, standardized test which relates directly to this approach in order to identify this unique population of children.
2. Use evaluation information to establish goals for single words and phrases.
3. Implement a specific treatment approach using phonological processes to simplify the motor plans for CAS.
4. Provide five lists of single words to target in therapy.
5. List principles of motor learning for the acquisition vs the retention stages of learning.
6. Explain the importance of mixing and varying tasks/blocked vs random practice.

## APRAXIA OF SPEECH

The K-SLP Methods and  
Behavioral Strategies To Build  
Successful Vocal Communication

RESTON, VA – OCTOBER 20, 2017

TIMONIUM, MD – NOVEMBER 3, 2017

**SPEAKER:**  
**Nancy R. Kaufman,**  
MA, CCC-SLP

**Early Bird  
Discounts!**

# APRAXIA OF SPEECH

## The K-SLP Methods and Behavioral Strategies To Build Successful Vocal Communication

**RESTON, VA – OCTOBER 20, 2017**

**TIMONIUM, MD – NOVEMBER 3, 2017**

0.6 CEUs

A systematic and progressive approach to shape and expand verbal communication.

- 1 Kaufman Test identifies where the speech system is breaking down and points to a systematic course of treatment.
- 2 The Kaufman Treatment Kits match the levels used in the test allowing for a seamless transition to therapy.
- 3 Take the learned motor-speech gestures from Kit 1 and move quickly into expressive language development with Workout Book.
- 4 Reinforce motor-speech coordination learned in Kit 1 and the Workout Book to move beyond and teach language comprehension & more.

## Seminar Locations

0.6 CEUs

### RESTON, VA – OCTOBER 20, 2017

Sheraton Reston Hotel  
11810 Sunrise Valley Drive  
Reston, VA 20191

Phone: 703-620-9000

Complimentary onsite parking. No room block has been reserved – please negotiate your best rate.

### TIMONIUM, MD – NOVEMBER 3, 2017

Radisson Hotel North Baltimore Timonium  
2004 Greenspring Drive  
Timonium, MD 21093

Phone: 410-252-7373

Complimentary onsite parking. No room block has been reserved – please negotiate your best rate.

## Seminar Tuition

Purchase Orders Accepted!

	Early Bird	Regular*
Individual	\$199	\$219
Group of 2+	\$179	\$199
<b>Group of 5+</b>	<b>\$159</b>	<b>\$179</b>
Parents	\$135 (no CEUs)	

\*Regular tuition applies within 14 days of event.  
Groups must register together.

## Accreditation

Northern Speech Services is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for 0.6 CEUs (Intermediate level; Professional area).

## Seminar Outline

7:30 – 7:55	Check In and Onsite Registration ( <i>Coffee &amp; Tea</i> )
7:55 – 8:00	Welcome and General Seminar Information
8:00 – 9:00	Overview of K-SLP and Roots in Applied Behavioral Analysis (ABA/AVB)
9:00 – 9:30	Definition/Signs and Symptoms of CAS / Evaluation
9:30 – 9:45	<i>Break</i>
9:45 – 10:15	Simplifying the Motor Plans of Words: Shaping Successive Word Approximations
10:15 – 10:45	Cueing Motor Speech To Scripting Functional Expressive Language
10:45 – 11:15	More Behavioral Principles, Errorless Teaching, and Five Lists of Single Words
11:15 – 12:15	<i>Lunch on Own</i>
12:15 – 2:00	K-SLP and Principles of Motor Learning
2:00 – 2:15	<i>Break</i>
2:15 – 2:30	Coaching Parents
2:30 – 3:00	K-SLP and Autism Spectrum Disorders
3:00 – 3:30	Pre and Post Progress Video
3:30	Adjourn, Sign Out and Certificates

Intended Audience:  
Speech-language pathologists, ABA technicians, special education teachers, occupational therapists, and parents. Focus will be children ages 2-8 years with apraxia of speech and/or other speech sound disorders.

**“Excellent course!”**  
**I will now be able to work these techniques into my therapy sessions with children with motor coordination difficulties.”**
