Dear Parent(s):

Your child has now completed the Intermediate Level of the COLOR MY CONVERSATION program! That means that he/she has demonstrated the ability to use a number of conversation features, which can now be incorporated into the body of increasingly more complex conversations.

The following is a summary of the types of conversations your child will be practicing in the Advanced Level of the program:

1. **Shared Topics:** This section will focus on increasing your child's ability to dialogue on a wide variety of topics. Attention will be paid to turn taking strategies.
2. **My Topic:** This section will focus on expanding the depth and variety of topics that your child can use in a conversation.
3. **Your Topic:** This section will focus on expanding your child's ability to be an engaged listener through their use conversational features and nonverbal communication.

HOME SUGGESTION:

If any of these activities are of interest to you, please feel free to contact me and I can take more time to talk with you about them. Otherwise, continue taking an active role in talking with your child about his/her speech lessons and continue to encourage his/her efforts to develop improved conversational skills.

Additional Suggestions:

Thank you for your support!

Sincerely,
