NEW! Continuing Education

NEW!

Core Vocabulary Exchange System™ (CVES™)

Everything you need to teach both
picture exchange and core vocabulary!

Moving Beyond "I want" or "I see"

See page 5.

Greetings!

We have been listening as you shared your therapy goals and needs, and it is our joy and honor to partner with you to help accomplish them!

One area that has stood out to us is how SLPs are treating more and more clients with the need for an AAC device. In recognizing the need for a dynamic, low-tech AAC device, we are excited to introduce the brand new Core Vocabulary Exchange System™ (CVES™)! CVES™ is an incredibly organized, user-friendly, multi-sensory, and helpful tool to move your clients beyond simple "I want ____" or "I see ____" into more expressive language and meaningful communication.

We take great pride in sharing that our published products (including the new CVES™) are made in the USA with exceptional quality materials from the USA. Whether it is our therapy materials or online courses, we love bringing you the best resources to make your life easier and better equipped to serve your clients.

Speaking of making your life easier, make sure you check out our new Ways to Save on page 3. We know you appreciate the excellent quality of our therapy materials and online courses, but we also know that it never hurts to save where you can.

We look forward to serving your SLP needs this year, and we sincerely thank you for choosing Northern Speech Services!

All the best,

Thomas Slominski, MA, CCC-SLP
President/Owner

Core Vocabulary Exchange System™ (CVES™)

Megan Brazas, MA, CCC-SLP

The Core Vocabulary Exchange System™ (CVES™) is a low-tech, durable, and two-way AAC communication platform that incorporates picture exchange and core vocabulary.

- Promotes motor automaticity!
- Facilitates receptive and expressive language.
- Aids in behavioral regulation.
- Works on multiple functions of language at the same time.
- CVES™ encourages Spontaneous Novel Utterance Generation (SNUG) to **allow students to say what they want when they want** both in symbols and oral communication.
- CVES™ is versatile, allowing the clinician to select the correct teaching tool based on the specific needs of the child: Aided Language Stimulation, ABA Style, Pivotal Response Training, Backward Chaining, or others.
- Ages: 3+

Pictured: Boardmaker 105 (icon size: 1" x 1.25")

Pictured: Boardmaker Foldout 105 (icon size: 1" x 1.25")

CVES™ Promotes Motor Automaticity!

The patented icons are removable and returnable to the same place, held securely by hook and loop fastening, and organized by color-coding. The hand movements become the tongue, lip, and jaw for grammar and syntax.

What's Included:

Foldouts:

- Available in either Boardmaker® or Pixon™.
- Choose either:
 - 105 icon count (icon size: 1" x 1.25")
 - 189 icon count (icon size: 0.75" x .85")
- Both foldouts contain basic core vocabulary.

Preview Foldout icons online.

Core Communication Card

Masking Icons:

- 2 sheets (70 total) for 105 Foldout.
- 1 sheet (63 total) for 189 Foldout.

First & Then Card

Visual Schedule:

- Board with 140 icons.

Communication 3-Ring Binder:

- Attached carrying handle.
- Hex key to lock the 3-ring binder.

Binder Stand

Binder Tabs:

- | | |
|---------------------------|-----------------|
| • Food (Drink) | • Art |
| • Social (Social Phrases) | • Play |
| • Sensory | • People |
| • Health | • Miscellaneous |

Stickers for customization on the Miscellaneous Binder Tab icons.

Hook & Loop Fastening with instructions for complete assembly.

Articulation Storybooks

Lisa Popper, MA

Basic Consonants Set

Articulation Storybooks

Complex Consonants Set

These engaging storybooks are the perfect resource for auditory bombardment of basic and complex consonants. Each book highlights and repeats a specific sound/letter throughout, and they provide many therapy options to reinforce learned sounds at the sentence level, improve phonological awareness, promote spontaneous speech, and teach language concepts. Ages 4-10 years.

Basic Consonants Set (9 books)

- B - Bunny Bop
- G - Goody Gum
- H - Hanna Hippo
- N - Nifty Noodles
- D - Danny Dragon
- T - Timmy the Turtle
- M - Let's Make Music
- P - Patty the Pink Pig
- K - Katey the Kung fu Kangaroo

#LP3000....\$59.00

Complex Consonants Set (7 books)

Size of books
(6"x 8")

- Th - These, Them and Those
- Ch - Chewy Chocolate Chips
- Sh - Shelley's Shell Shack
- F - Flippy Fish
- L - Len & Lil
- R - Rat Rap
- S - Sammy

#LP3003....\$49.00

Complete set (16 books)

#LP3004....\$81.00 ~~(\$108.00)~~

Articulation Theatre Books

Claudia Doan, MS, CCC-SLP

Target 6 sounds simultaneously during group therapy!

Allows students to participate in the same fun and effective group therapy activity despite working on different speech sounds. Motivates students to engage in the repetitive practice needed to achieve articulation goals. Each book contains matching plays and pagination, but each targets one sound /R, S, L, Sh, Ch, Th/. Ages 9-15 years.

#AT1000.....\$89.00

How It Works:

- Ryan is working on R, Shelly on Sh and Charlie on Ch.
- Ryan selects the R-Book, Shelly the Sh-Book and Charlie the Ch-Book.
- They each open to same page, which has the same play theme. However, each book features unique script lines focusing on that target sound.
- As students take turns reading aloud their lines, focusing on their target sound, they are performing together in the same humorous play.
- No preparation needed!
- Book size: 6" x 9"

COMING SOON!

Theatre Books

'R' Made Simple

Nancy L. Geruntino, MA, SLP

One program that addresses all 'R' sounds in all contexts!

Entirely different approach to 'R' remediation. This is a motor planning program that categorizes speech sounds into three categories – UPs, DOWNs, or SLIDEs – based on the placement of the articulators *prior* to production of the 'R' sound. A mnemonic color-coding system aids students in learning the correct tongue placement for each category. Methodology generalizes to any word in any context and overcomes barriers related to pronunciation, spelling, and dialect to become automatic over time. Ages 7-18 years.

How It Works:

This program breaks down the alphabet into three categories, Up, Down, and Slide. Each category prompts proper tongue placement.

The program everyone is talking about!

Complete Alphabet Reference:

ABCDEFGHIJKLMNOPQRSTUVWXYZ Th Sh Ch

Up Sounds:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z Th Sh Ch

Down Sounds:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z Th Sh Ch

Slide Sounds:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z Th Sh Ch

Alpha positioning card.

(Actual Size)

What's Included:

- Reproducible materials are downloadable as well as on CD for drill practice, word lists, data collection, pre/post tests, and homework activities.
- Instructional Manual
- 144 Picture cards
- 40 Verb cards
- 29 Individual letter cards (3 are blends)
- 4 Alpha positioning cards
- 1 Lesson indicator card
- Plus! 30-minute training video to assist you in implementing the program.

Pre Test/Post Test

Color My Conversation 2nd Edition

Rosslyn Delmonico, MA, RSLP, CCC-SLP

The “go-to” resource for teaching pragmatic social language skills! This is an engaging, multi-sensory program to help guide children through the conversation flow. Children will learn to navigate through a conversation starting at a basic greeting and working toward the most complex conversation that the child is capable of having. The holistic approach fosters the development of social awareness, self-regulation, executive function, and meta-cognitive and meta-linguistic skills. This complete program includes a lot of fun, interactive activities that aid children in starting and maintaining a conversation. Ages 5-14 years.

Beginner Level

The unique conversation path floor pads prompt children as they learn to walk the conversation pathway. Students toss a ball back and forth to represent turn-taking and establish eye contact.

Conversation Path “Stepping Stones” Floor Graphics

Intermediate Level

Become a topic changer pro! Students continue to develop conversations using the Conversation Path, worksheets, crafts, artwork, drill work, and game activities.

Advanced Level

Incorporates a Game Board to further practice conversation and turn-taking by playing a fun, interactive conversation game.

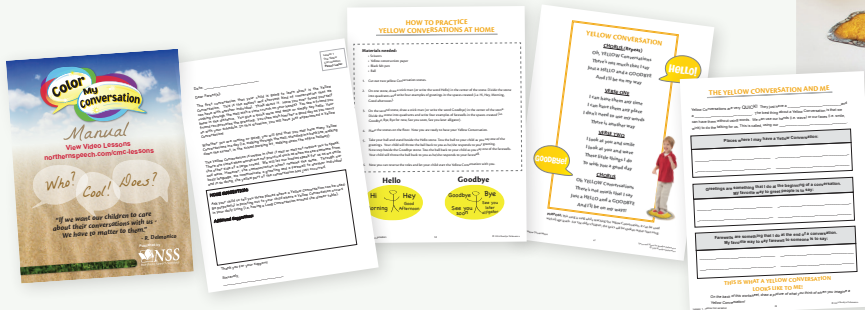

Expert Level

The Expert Level of the CMC program provides opportunities for children to practice and master their conversations.

What's Included:

- 12 Conversation Path Stepping Floor Graphics
- 100 Topic Prompt Picture & Emotion Cards
- 50 Game Tokens
- 50 Dry Erasable Wall Display Cards
- 2 Dry Erase Pens
- Cloth Ribbon (approx. 9.5ft)
- Game Board (foldable) with 4 Additional Activities on Reverse Side
- CMC Ball
- Classroom Poster
- Instructional Manual includes 12 Lesson plans with tons of reproducibles and activities (Downloadable as well as on CD)
- 12 coordinated lesson songs (Downloadable as well as on CD)
- Plus! Implementation Training Videos

K & K Sign to Talk

Tamara Kasper, MS, CCC-SLP, BCBA and Nancy Kaufman, MA, CCC-SLP

Transition non-verbal children with autism to vocal communication! For children who are not yet vocal imitators, this program helps to promote and shape spontaneous vocal language skills by providing a bridge from signing to vocal communication. The included everyday nouns and verbs are relevant and motivate children to request through sign language and then shape articulation to improve intelligibility. Additionally, this program encourages spontaneous requesting, teaches labeling and receptive identification, and serves as a sign language dictionary for words highly motivating to children. Ages 2-12 years.

Card sizes 7" x 5"

Reverse side has "word shells" and sign language instructions

Real-life photos!

Nouns Kit features everyday items & objects that children frequently request and that double as reinforcers. (150 cards.)

K&K Sign to Talk Nouns

#KS1005.....\$139.00

Verbs Kit targets 40 common actions. Each action is featured on two cards using unique photos to support concept generalization. (80 cards.)

Treating Apraxia?

Use this proven systematic word simplification approach to shape and expand verbal communication. The K-SLP materials were designed by Nancy Kaufman, MA, CCC-SLP, to help children move from sounds to words to sentences while controlling for oral-motor difficulty throughout the treatment process. **Visit our website for upcoming Workshops by Nancy Kaufman!**

Featured throughout this program is the engaging Mutt Family. Their names were strategically selected to be repetitive syllables with vowel change words, simple bisyllabics, and simple consonant-vowel-consonant (CVC) words for practicing motor-speech coordination.

Meet the Mutt Family:

Progression (See pages 14-18)

Assessment

Oral-Motor Coordination

Cueing & Scripting

Expressive & Receptive Language

Kaufman Speech Praxis Test (KSPT)

Nancy Kaufman, MA, CCC-SLP

Diagnostic test for identifying childhood apraxia. KSPT measures a child's imitative responses to the clinician, identifies where the speech system is breaking down, and points to a systematic course of treatment. Breakdowns in KSPT match the levels of treatment in the Kaufman Kits for a seamless transition into therapy. Includes manual, clinician's guide, and 25 test booklets. Norm-referenced. Ages: 2;0 – 5;11.

#KS1000 Complete Test.....\$180.00 (includes 25 score sheets)

#KS1001 Extra Score Sheets....\$30.00 (25 additional score sheets)

Kaufman Treatment Kit 1

Basic Level

Nancy Kaufman, MA, CCC-SLP

Teach children to combine consonants and vowels to form words while controlling for oral-motor difficulty. The 225 visual referent cards build intelligibility through a hierarchy of successive approximations by targeting the syllable shapes children need to master to become effective vocal/verbal communicators. Ages 2-8 years.

- Targets sounds /b, d, h, m, n, p, t, w/
- Teaches the simple syllable shapes that are the building blocks of speech
- Requires minimal preparation time

#KS1002....\$199.00

Kaufman Treatment Kit 2 Advanced Level

Nancy Kaufman, MA, CCC-SLP

Now refine articulation and speech intelligibility, plus build higher motor-speech coordination skills using familiar two and three syllable words. The 285 visual referent cards can also be combined to develop sentences for more clarity practice. Ages 4-10 years.

- Targets sounds /f, g, k, l, s, sh/ and blends /s, r, l/
- Features the pivot syllables of low, bæ, and tər plus progressive verbs
- Requires minimal preparation time

#KS1003....\$199.00

Kaufman Workout Book 2nd Edition

Nancy Kaufman, MA, CCC-SLP

Quickly expand single words into phrases without taxing the motor system. Includes 16 workouts designed to help children with CAS and other speech sound disorders develop expressive language skills. Includes scripting and cueing techniques plus targets word retrieval and grammatical development. Ages 2-10 years.

- Colorful, engaging artwork featuring the Mutt Family characters
- Visual & tactile hand cues for consonants and vowels
- Fully reproducible and great for home programs
- Hardcover, 127 pages (page size 12" x 9")

#KS1004.....\$99.00

Here are some visual/tactile hand signal cues for simple consonants:

/m/ Take your index finger and your middle finger and place them on your lips with your palm facing out so that the middle finger is on the top lip and the index finger is on the bottom lip. Leave them in place for /m/.

/b/ Slide fingers across lips in a vertical motion starting from above the upper lip downward across the lower lip.

/p/ Cup fingers and thumb around the lips and then pull them away.

/t/ Place index finger on the philtrum under the nose and just above the upper lip and then pull the finger away.

20

Cueing sample page

Scripting sample of Workout #7 - Request Actions.
"I want to" Includes suggested approximations for each target.

Kaufman Mutt Family Total Language Builder 2nd Edition

Nancy Kaufman, MA, CCC-SLP

Build receptive and expressive language

skills. A playful therapy tool with hundreds of opportunities for motor-speech and receptive & expressive language practice, plus early literacy activities. It is designed to hold attention, and the large format of this interactive puzzle allows children to manipulate the character and object pieces as they learn to formulate 2 and 3 word combinations while controlling for oral-motor difficulty. Ages 3-10 years.

#KS1007....\$89.00

Control level
of difficulty by
using 1 piece.
"Moppy pin tail."

Cue cards direct
the Mutt Family
characters into action!

Use multiple
puzzle pieces as
ability improves.

What's Included:

- 18 different scenes that connect into a 21" x 30" puzzle
- 35 pieces featuring the Mutt Family puppies and their friends
- 27 object pieces
- 45 prompt cards
- Instructional Manual

Kaufman What's In Your Doghouse?

Nancy Kaufman, MA, CCC-SLP

Your favorite Mutt Family characters want you to discover *What's In Your Doghouse?*!

This engaging, hands-on, structured therapy tool will help children with CAS or developmental delays bridge motor speech to expressive language skills without taxing the speech motor planning system. Use with 1 to 6 players. Ages 3-10 years.

How It Works:

It's all about getting a match! Your student(s) will have in front of them a game board and many doghouses, each with a token inside that may or may not be a match to their game board. The first student to get all 7 matches wins! Throughout the game, work with your student(s) to:

- Expand language skills.
- Produce simple common nouns.
- Produce word combinations of two and three words in Verb-Object or Subject-Verb-Object phrases.
- Produce grammatically correct sentences.
- Improve social interactive language.

What's Included:

- 6 Two-Sided, Multi-Themed Game Boards (size 10" x 6.5")
- Themes: Going Camping, Pool Party, On the Farm, Visiting the Zoo, Moon Landing, Beach Fun
- 24 Doghouses (6 of each color - size 1.5" x 2")
- 24 Game Tokens
- 28 Stickers To Decorate the Doghouses
- Instructional Manual

under 3 years.

Literacy Speaks!®

Keli Richmond, MS, CCC-SLP

Using the letters-to-literacy system, you can now discharge your students without them being **at risk for reading failure**. This complete program is based on orthographic instruction (printed cues) and allows you to introduce children to sound-letter correlations using a sound-targeted approach while displaying essential sight words. This strategy corrects articulation and motor-planning errors and also provides students with an early literacy foundation that encourages successful development of reading skills. Ages K - 4th grade.

How It Works: (Kit 1 sample)

Expand
Language!

Start with a single letter card

Trace a letter

Once sound-letter association is achieved, introduce the word

COW

Now connect word to picture

COW

Color a picture

COW

Use in a phrase

Construct a sentence

Create a reproducible storybook for coloring and reading

Targets the full alphabet, plus diphthongs, digraphs, and blends of L, S, R.

What's Included:

- Included for each sound are multiple reproducible:
 - Letter Tracing Worksheets
 - Coloring Pages
 - Home and Classroom Activities
 - Whimsical Storybooks
 - All downloadable as well as contained on CD
 - Each Kit Includes: ALPHA Letter Cards, Target Stimulus Cards, Sight Word Cards, and Punctuation Cards (card size 3.25" x 4.25")

Picture Categories Galore & More

Angela R. Massenberg, PhD, CCC-SLP

Carolynn G. VandenBosch, MA, CCC-SLP

Debra A. Kubinski, MA, CCC-SLP

Tiffany R. Cobb, MA, CCC-SLP

A comprehensive tool for treating children with language impairments, especially in the area of categorization. This organized and visually appealing tool utilizes curriculum-based vocabulary and up-to-date photos and color pictures for children who struggle with visualizing stimuli. Ages 5 and up.

Basic Level (72 cards)

Designed to target:

- Naming Categories
- Exclusion/Inclusion
- Comparing/Contrasting
- Benchmark Vocabulary
- Attributes & Functions
- Syntax & Morphology
- Verbal Reasoning & Pragmatics
- Auditory Processing, Comprehension, and Recall

Intermediate Level (196 cards)

Advanced Level (72 cards)

How It Works:

Using a 3-Tiered Approach

- The Basic Level provides only pictures of objects that are similar for students to identify.
- The Intermediate Level introduces a picture that does not belong into each set.
- The Advanced Level is for older students and utilizes a curriculum-based vocabulary.

What's Included:

- 340 durable cards (4"x 9").
- Downloadable manual with reproducible data collection forms.
- Expansion Options Card with additional treatment ideas and activities.

**Over 1,000
vocabulary words!**

#CT1000.....\$99.00

Expanding Expression Tool - 2nd Edition

Sara Smith, MS, CCC-SLP

No more one word responses! Visual and tactile program to keep students on topic, expand word choice, reduce the need for prompting, and improve organization and comprehension. Its hierarchical approach will quickly take a student's expression from single words to descriptive paragraphs to full reports! Ages 5 and up.

What's Included:

- Expanding Expression Tool (mnemonic device)
- Manual with parent program, writing prompts, and organizers
- Object cards for describing
- Stickers for writing
- Classroom poster
- Dice Game
- Instructional Icons
- Prompt Card for writing with prior knowledge and biographies/autobiographies

Building The Capacity For Socially Appropriate Conversation In Young Children With ASD

Avoid a prompt dependent outcome!

PRESENTER:
Patrick Rydell, PhD

With more than 38 years of practice ("on the floor") in the field of Autism Spectrum Disorder (ASD), he has provided international and national trainings, workshops, consultations and program development to governmental agencies, medical facilities, universities, school districts, professionals and families.

Address 10 naturalistic developmental-behavioral intervention components to build the necessary foundations for conversational skills in young children with Autism Spectrum Disorder (ASD). Participants will be introduced to Dr. Patrick Rydell's Learning Style Profile (LSP), a profile that **expands current understanding of unique learning styles**. By incorporating the Learning Style Profile Assessment Protocol (included in this program), participants will be able to identify the learning style challenges that inhibit social connectivity and reciprocal communication.

Course Outline:

- Introduction: The Learning Style Profile for Children with Autism Spectrum Disorder (Rydell, 2012)
- Developing a "Game Plan" Early On
- Learning Style Challenges in Children with ASD
- How Do You Define "Learning"?
- Who is Doing the Thinking?

Includes! Downloadable LSP Assessment Protocol

- Cues vs. Prompts
- Look Up and Around
- We Talk About What We Know
- Developmental Progression from Early Childhood to Adolescents
- Ten LSP Components: Talking Points, Discussion and Competencies
